

「 SAIKONEON 」 Artist in residence Application 2026

SAIKONEON Artist-in-Residence was established in **April 2019** as a platform dedicated to research, creation, and exchange among diverse creators who transcend disciplinary boundaries. Situated on the serene shores of **Lake Saiko in Yamanashi Prefecture**, the residency offers a rich natural environment under the **majestic presence of Mount Fuji**, yet remains **less than two and a half hours from Tokyo**.

Since its founding, SAIKONEON has welcomed artists and designers from around the world working across a wide spectrum of media — including **painting, photography, film, visual art, dance performance, and installation**.

Our residency program **accepts applications year-round**.

Participants are selected by the residency's curatorial team based not only on professional achievements, but also on their ability to produce compelling and imaginative work — **artists whose practice sparks curiosity through originality and personality beyond career status**. Through their stay, we aim to provide artists with opportunities to deepen their **creative inquiry, research, and artistic growth**, encouraging new discoveries within their practice.

At **SAIKONEON**, we aspire to be a place known for this shared spirit — **“something interesting always happens when you become part of this residency.”**

Description of

Residency :

SAIKONEON is an artist-in-residence set up on the shore of Lake Saiko, one of Fuji Five Lakes in Yamanashi Prefecture. Lake Saiko is located in the foot of Fuji, less than two hours away from Tokyo, and offers a glimpse of the magnificent natural environment and various Japanese cultures.

The facility is a former campsite that has been refurbished and approximately 300 square meters. The entire site is approximately 6000 square meters including the back mountain, and has a total of two private spaces for artists. You can concentrate on research and production activities in the studios and common spaces, which have been remodeled in a modern way while taking advantage of the characteristics of Japanese houses such as tatami. Located between the lake and the large back mountain, our facility is also suitable for indoor activities as well as outdoor activities and performances.

Paid by host :

- Accommodation, Private studio, Shared space etc
- Pick up/drop off from the Kawaguchiko Station on the first day to the facility on the last day.
- Free Wifi
- Water (The water supply infrastructure is very advanced in Japan and tap water of the area is drinkable.)
- Utility cost
- Free rental bicycle

※Note: We ask that artists share it with each other during their stay.

- Consultation regarding general living information such as where to buy food, daily necessities, art supplies etc.

※Note: The residency's on-site manager is able to communicate in English at a basic conversational level. For more complex discussions, communication with the Tokyo-based staff or other relevant personnel may be required.
